ORGANIZER

ELNET is an independent and non-partisan organization dedicated to strengthening relations between Europe and Israel based on shared democratic values and strategic interests.ELNET engages policymakers and opinion leaders, while providing unique platforms for informal discussions, educational programs, and bilateral meetings. ELNET has built a professional and political network that facilitates dialogue and cooperation between Europe and Israel.

A UNIQUE CONFERENCE TO ENHANCE BILATERAL COOPERATION

We are thrilled to announce that the 4th edition of the Safe & Smart City Conference will take place in Nice, France.

The conference will benefit from an exceptional partnership with the city of Nice, the Metropolis of Côte d'Azur, the region of Provence-Alpes-Côte d'Azur, as well as the Israeli municipalities of Jerusalem and Tel Aviv, among others. This year's conference will bring together leading European and Israeli policymakers (local authorities, mayors, presidents of major cities, parliamentarians, government officials, etc.), innovation experts, business leaders and start-ups.

« Better life, safer world and shared values » will be the leading theme of the debates. The conference will explore key issues which impact the quality of life of citizens, including improvement of public services, digital health, security of sensitive infrastructure and public space, cybersecurity, smart transportation, and data protection. The conference will provide a platform for cooperation, creativity and development of a shared vision for tomorrow's safe and smart cities.

Speakers will relate to questions such as how can we benefit from technological and social innovation placing citizens at the heart of the digital revolution? How to establish an ecosystem that nurtures social interaction and shared democratic values?

CONFERENCE PROGRAM

The conference will start with a cocktail on Saturday, December 07, in the presence of local authorities and international guests. The debates, workshops, and presentations of start-ups will take place on Sunday, December 08. The conference will end with a gala dinner under the chairmanship of Mr. Christian Estrosi, Mayor of Nice, President of the Metropolis of Nice Côte d'Azur and Deputy President of the Provence-Alpes-Côte d'Azur Region, and in the presence of our guests of honor.

The morning of Monday, December 09, will be devoted to B2B meetings and a specific program will be offered to foreign delegations with a visit to the strategic facilities of the city of Nice.

The conference offers multiple opportunities to municipalities, public bodies, institutions, sponsors and represented companies. 250 participants, including French, Israeli and European elected representatives, government and local officials, experts, companies and start-ups, will come together to imagine together the tools that will enable citizens to live in safe and smart cities.

The conference will focus on the following topics:

- Artificial intelligence
- Cybersecurity
- Privacy policy in the digital world
- Digital health
- Urban mobility and transport
- Safety and resilience of cities
- Security against new forms of urban violence

PARTNERS

The conference will be held in partnership with:

- The city of Nice
- Metropolis of the Nice Côte d'Azur
- Provence-Alpes-Côte d'Azur
- Business France
- Israel Smart Cities Institute
- Federation of Local Authorities of Israel
- The city of Tel Aviv
